

2021-2022 Work2BeWell National Student Advisory Council EXPECTATIONS

1. We recognize that any and all work we do as W2BW NSAC is not out of self-interest or ego driven - it is first and foremost for the benefit of the people we serve:

Providence Vision: Health for a Better World

Work2BeWell Vision: Work2BeWell empowers teens to thrive through access to mental health resources, authentic connections with peers and educators, and digital platforms for resiliency.

2. Providence, our parent sponsor, has a 100-year tradition of serving the poor and vulnerable across seven states. Their reputation in the healthcare world is highly respected - this means we have a reputation to uphold on their behalf. We as the student faces of Work2BeWell will always carry out our duties with the Providence values in mind: *Compassion, Dignity, Justice, Excellence, Integrity.*
3. We acknowledge the fact that all advisory council members are equitable in regard to group discussions and decisions. Although returners on the council may have added responsibilities, we are all granted the same opportunity to promote our thoughts in group discussions and advocate our opinions and input in group decisions.
4. We will communicate effectively, making sure to run our ideas and thoughts by a Work2BeWell Program Team Adult before we venture onto any assignments or undertakings not talked about at our advisory meetings, with our teams or otherwise.
5. If we need clarification on anything covered at the council meetings or otherwise, we will proactively reach out to a lead or Work2BeWell Program Team Adult to point us in the right direction.
6. Serving on the W2BW NSAC comes with many responsibilities and opportunities, however, we will also remain diligent in our studies to ensure our academic achievement in addition to our NSAC tasks.
7. We will purposefully check our emails regularly (every 48 hours) and respond to emails within 48 hours of them being sent out. We will follow email etiquette and remain communicative and responsive. We may use another method for communication and discussion as well - stay tuned.
8. If we know we will be unavailable to contact via email, phone or otherwise for more than a few days we will contact our NSAC Adult Adviser or our team lead and let them know.

9. We understand that mental health is important, and we will work to take care of ourselves while also taking care of our responsibilities. If we have any personal, team or programmatic concerns that arise we will be open and professional about reporting said concerns to either our team leads and/or Work2BeWell program staff. Communication is key to helping us all thrive and to do and be our best selves!
10. We will post appropriate and positive content on our social media accounts. Our social media presence is a direct reflection and accurate representation of ourselves and we represent Work2BeWell in partnership with Providence.
11. We will attend at least 2 NSAC meetings a month. We know school, sports and family events come up and there may be conflicts, however we will prioritize NSAC and communicate if we can't be in attendance.
12. We will attend our team meetings (x2 a month) and will be in strong communication with our team and team lead(s).
13. We will attend and participate fully in future Work2BeWell Events - we will know the date months in advance to prepare properly.
14. We acknowledge the privilege in having the opportunity to serve at this level and to use and have our voices heard on a national platform. We recognize that we put in, we'll get back via additional opportunities, mentorship, service hours, letters of recommendation, resume builder, speaking engagements and more!
15. We commit to having fun while we work hard! "Work Hard, Play Hard!"
