WHY I JOINED?

I joined Work2BeWell so I could surround myself with a community of supportive peers and adults. Mental health is still heavily stigmatized, but W2BW connected me to a loyal and passionate group of people. I was looking for a support system and found true friends from all across the nation. I also wanted to improve the resources and awareness of mental health, and I knew that W2BW would help me make my mission and vision a reality.
