This two-part, four hour series follows the journeys of more than 20 young Americans from all over the country and all walks of life who have struggled with thoughts and feelings that have troubled—and, at times—overwhelmed them. *Hiding in Plain Sight* presents an unstinting look at both the seemingly insurmountable obstacles faced by those who live with mental disorders and the hope that many have found after that storm.

W2BW & Providence are working with the Ewers Brothers to produce HIPS Curriculum to compliment the documentary - more info to come in the next few months. Stay tuned!
