

Work2BeWell Monthly Newsletter

April 2025

We're excited to bring you the latest updates, insights, and stories from our Work2BeWell community. In this newsletter, you'll find a mix of exciting news, helpful tips, and upcoming events that you won't want to miss. Whether you're looking to stay informed, get inspired, or just catch up on what's happening, we've got something for everyone. Take a scroll through it all!

How Are You #Working2BeWell

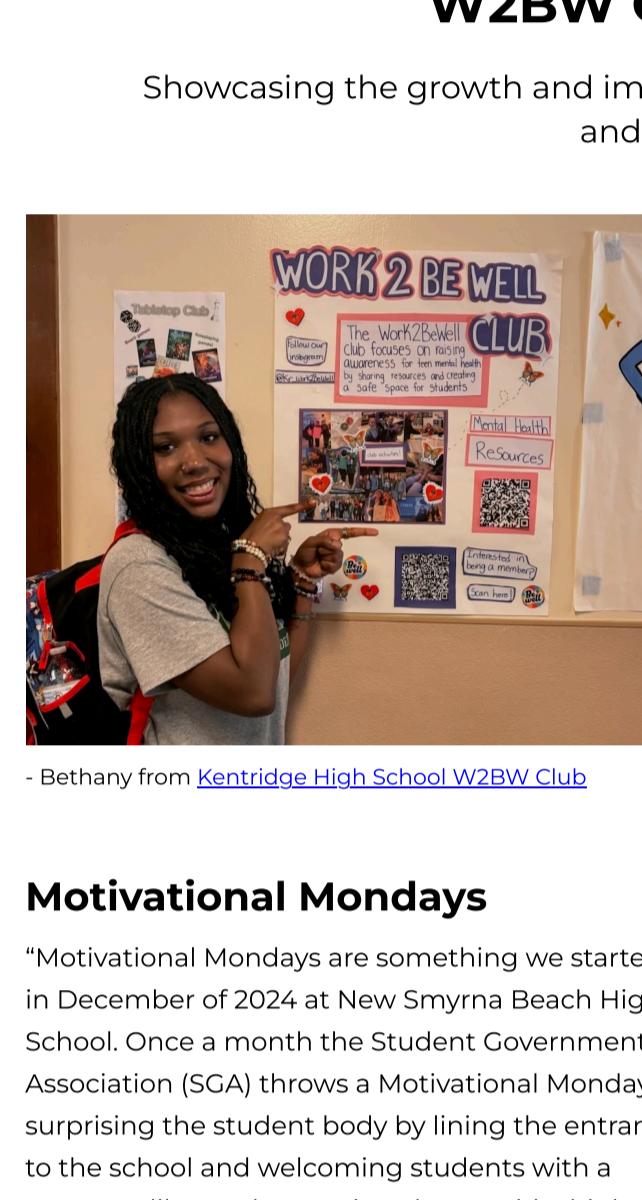

"Empathy has no script. There is no right way or wrong way to do it. It's simply listening, holding space, withholding judgment, emotionally connecting, and communicating that incredibly healing message of 'You're not alone.'"

— Brené Brown

WORK2BEWELL | Providence

Reminder: Empathy isn't about having all the right answers—it's about being there for someone when they need it most. Just listen, offer support, and remind them they're not alone. Sometimes, showing you care is the most healing thing you can do for yourself and others.

What You'll Need for April

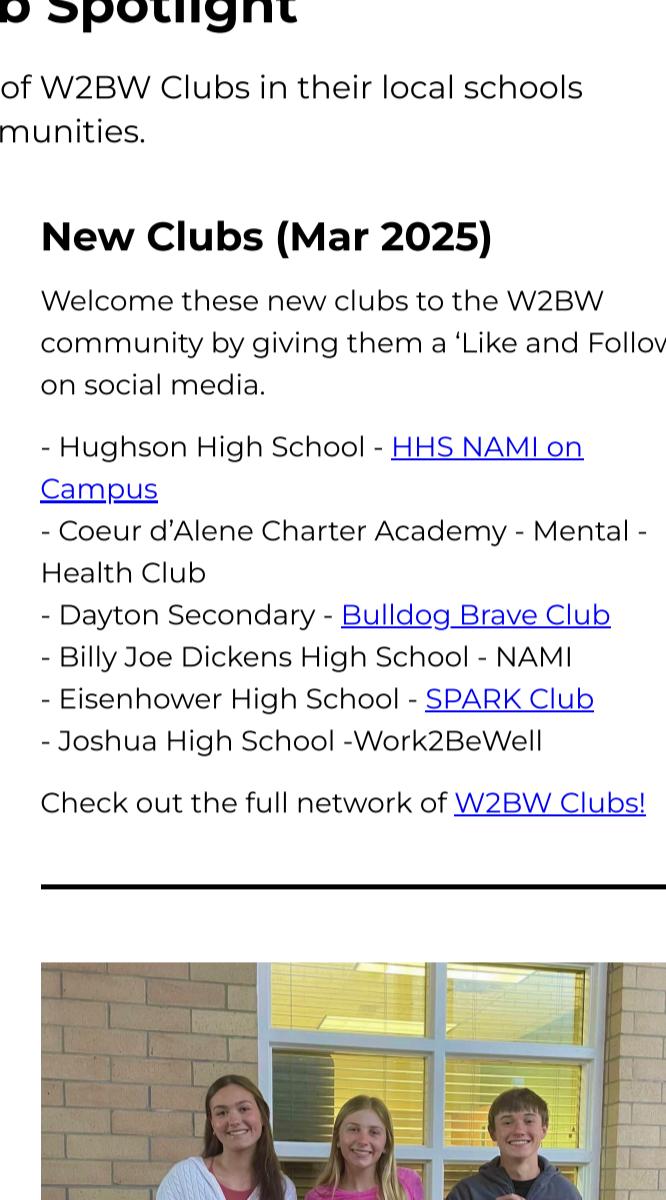

NEW Module Empathy - Understanding Part 1

In this module, students will examine the differences between the terms pity, sympathy, empathy, and compassion, identify the two major types of empathy, and determine their own level of empathy.

Motivational Mondays

"Motivational Mondays are something we started in December of 2024 at New Smyrna Beach High School. Once a month the Student Government Association (SGA) throws a Motivational Monday, surprising the student body by lining the entrance to the school and welcoming students with a treat. We like to play music to keep spirits high, and to keep students enticed we like to do different themes for the "treat!" For example, in December we did "You are MINT to be here!" and handed out mints with motivational quotes. In February, we went with a Valentine's Day theme and gave out Hershey's kisses while holding posters that said, "SGA loves you!"

Throwing Motivational Mondays has been relatively simple with a fulfilling reward of watching students' faces light up as they walk into school. Sometimes a little effort is all it takes to make a big change in someone's day."

- Sydney Traub, Student Government Association President at New Smyrna Beach High School, Florida

SGA from New Smyrna Beach High School, Florida

- Sydney & Friends from SGA New Smyrna Beach High School, Florida

Partnership Updates

Sharing the latest developments and engaging collaborations with our partners.

Renton SD x Providence x Sounders FC

We participated in the 2nd Annual Renton SD Student Symposium, where nearly 100 students from four high schools and four middle schools shared how they've promoted wellbeing and community in their schools. Each participant also created their own [Emotional First Aid Kit](#) to support their well-being.

- Renton School District Symposium

During April, Work2BeWell and Sounders FC will also host an assembly on healthy relationships and self-care, continuing our commitment to student wellness.

Georgia Association of Student Councils #GASCRoad2Wellness

GASC chose W2BW's [Road to Wellness](#) as their state service project this year with 8 schools receiving an award for completing at least 6 wellness activities throughout the school year.

The GASC Convention proudly celebrated the dedication of its member schools in fostering mental health and wellness within their communities. Their efforts in promoting well-being continue to make a meaningful impact.

As part of this initiative, Dominic Mimbang, an NSAC student from Douglas, GA, and Anjali Verma, an NSAC student from Perkasie, PA, teamed up to lead workshops on building Emotional First Aid Kits and exploring W2BW resources. Their sessions provided valuable tools and insights to help students support their own mental health and that of their peers.

- NSAC members Anjali Verma and Dominic Mimbang with Georgia State Parliamentarians, Shauna Buche & Niyathi Nalluri from Lambert HS.

MARK YOUR CALENDARS!

Testimonials

Beth - Campus Culture Director & Electives Teacher

"I use Work2BeWell lessons in my leadership classes. My students find them relatable and it is a really effective way to teach these topics to students that is fun for everyone. A bonus is that the lessons can be categorized in the CADA standards for Personal & Social Development Standard 3 for social and emotional learning."

- Beth Barrow, Terronez Middle School, Fresno Unified, California
